

ACCOMMODATION IN MOIÀ

Moià is the nearest town to us (10 mins) and is a place we whole-heartedly recommend you visit. A charming historical market town with a fine tradition of producing outstanding food – much of which is organic. It also has some great restaurants (ask us for recommendations), a fantastic record shop and is most alive on a Sunday morning for its market day when people from all over the province come to sample its high quality produce.

Accommodation-wise, there are a handful of really good apartment / B&B options within the town itself. And there are also several Masias (old country houses) that you can rent in the surrounding area (listed separately below).
